Hi Josh-

Thank you for the update today. Do you have Diamond X's comments on the 2015 surface water report? They were not attached to the below email you sent me.

Thank you.

Hi Lynda,

Thanks for following up. Per our discussion, we are providing comments on the 2015 surface

water report, and within those comments, we are providing data that supports the PowerPoint presentation. We will be providing the information very soon.

Hello Noah, how are you?

I recall we discussed followup steps might include submission of data, database and other technical reporting to support the powerpoint that was submitted.

I Just wanted to check in on that, as I don't believe anything has been submitted/ received by EPA.

Hi Josh, Lynda, and Greg:

Please find a link below to download a copy of the PowerPoint document we presented to you last month. Thanks again for meeting with us. It was productive and I think we should schedule another meeting later this summer. Per our discussion, we are also planning on preparing comments on ARCO's surface water quality report.

Best regards,

Noah
